ABOUT COMPANY

Since 2011, We have been promoting agriculture technology to assist our farmers in modernising their farming techniques. We began with fogging machines and agricultural equipments and have progressed towards researching and developing new technologies to assist our clients in improving and enhancing their Service.

To supply our clients with the most up-to-date technology, we have expanded our scope of service to include protective cultivation, such as turnkey creation of polyhouses and net houses.

OUR VISION

We think that client happiness is measured by their success and growth, and that there is no better way to gauge skill than this. As a result, we are committed to enhancing and improving our quality in order to provide customers with excellent products and services. We agree that perseverance and commitment to the task at hand are crucial qualities to cultivate. We also believe that simply selling the products is insufficient; offering after-sales support is as important as the product itself.

WHY US

We at Sai Shree Enterprises mostly deal in equipment and items that require adequate demonstration so that customers grasp the product's do's and don'ts from the start.

At the same time, we feel that the products we sell require prompt after-sales support in order to keep the machines functioning smoothly. We have technicians that are trained to provide after-sales service for the products and services we offer. **We also have a stock of spare parts for product repair so that our customers don't have to go elsewhere.** We attempt to provide a one-stop shop for all of our products in terms of sales, service, repairs, and spare parts.

We are not just here because we can make fogging machines, Our founder **Dr. Vidit Shah** has been awarded PHD in "**Importance of Fogging Machine for Control of Mosquito Menace**" by **AIIPPHS STATE GOVERNMENT UNIVERSITY DELHI**. This knowledge & experience translate into our premium quality products & services.

THE 3 "S" OF SAI SHREE

01

SALES

We are not just into doing business and generating profits we believe in growing with our clients that's our sales policy.

02

SERVICE

A business done once gets you just profit, But a service done well will build trust and this trust will bring regular growth, more customers, and reliability which is backbone of our success.

03

SPARES

A product is of no use if it can't be fixed and repaired. With this thought, we put dedicated research into building and manufacturing the best quality spares for our machines and equipment. Spares are available in ample quantity which allow us to serve our customer with best quality. Customers just don't spend when they deal with Sai Shree they invest with us.

THERMAL FOGGING MACHINE

WWW.SAISHREENTERPRISES.IN

SSE

TECHNICAL SPECIFICATIONS

Model	SSE 550 Thermal Fogging Machine (S)
Type of Machine	Hand Carried (Shoulder Mount) Thermal Fogging Machine
Working Environment	Temperature between 10 Degree C-45 Degree C
Volume Spray	0-25 ltr/Hr
Chemical Tank Capacity	5 ltr Diesel Tank
Fuel Tank Capacity	1.5 ltr Petrol
Dry Weight	7 kgs
Operation Mode	Self-Start
Battery	6V/12V Rechargeable Lithium/ Dry Battery with Charger
Test Reports	Test report of Chokse Laboratories

 No Warranty 100% Repairable

THERMAL FOGGING MACHINE

TECHNICAL SPECIFICATIONS

Model	SSE 650 / SSE 600 /SSE 670 Thermal Fogging Machine
Type of Machine	Hand Carried (Shoulder Mount) Thermal Fogging Machine
Working Environment	Temperature between 10 Degree C-45 Degree C
Volume Spray	0-35 ltr Per hour
Chemical Tank Capacity	7 ltr Diesel Tank (CRC/HDPE/ SS)
Fuel Tank Capacity	2 ltr Petrol Tank (CRC/HDPE/ SS)
Dry Weight	9.4 kgs
Operation Mode	Self-Start + Manual-Start
Battery	6V/12V Rechargeable Lithium/ Dry Battery with Charger
Test Reports	Test report of Chokse Laboratories

 1 Year Warranty against manufacturing defects only

VEHICLE MOUNT THERMAL FOGGING MACHINE

WWW.SAISHREENTERPRISES.IN

SSE

TECHNICAL SPECIFICATIONS

Model	SSE 1000 Vehicle Mount Single Barrel Thermal Fogging Machine
Type of Machine	Vehicle Mount Thermal Fogging Machine
Working Environment	Temperature between 10 Degree 50 Degree Celsius
Volume Spray	0-80 ltr/Hr
Operation Mode	Operation Via Remote for easy operation
Chemical Tank Capacity	160 ltr Diesel Tank
Fuel Tank Capacity	7 ltr Petrol
Dry Weight	30 Kg including remote
Operation Mode	Self-Start from remote for easy operation. Shut down can be done from remote and manually by machine too.
Tank	1(1 more tank available for water based fogging on optional basis).
Spraying Options	1. Diesel or 2. Water (Water for Sanitization or other chemical based spray)
Battery	12V Rechargeable (Battery of vehicle is used)

1 year Warranty against manufacturing defects only

VEHICLE MOUNT THERMAL FOGGING MACHINE

TECHNICAL SPECIFICATIONS

Model	SSE 1200 Vehicle Mount Double Barrel Thermal Fogging Machine
Type of Machine	Vehicle Mount Thermal Fogging Machine
Working Environment	Temperature between 10 Degree-50 Degree C
Volume Spray	0-80 ltr/Hr per barrel
Operation Mode	Operation Via Remote for easy operation
Chemical Tank Capacity	160 ltr Diesel Tank
Fuel Tank Capacity	7 ltr Petrol
Dry Weight	45 Kgs including remote
Operation Mode	Self-Start from remote for easy operation. Shut down can be done from remote and manually by machine too.
Tank	1 (1 more tank available for water based fogging on optional basis).
Spraying Options	1. Diesel or 2. Water (Water for Sanitization or other chemical based spray)
Battery	12V Rechargeable Vehicle Battery of vehicle is used
Test Reports	Test report of Chokse Laboratories

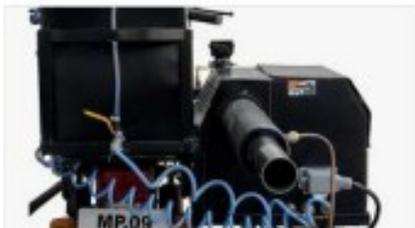

1 Year Warranty against manufacturing defects only

SSE 1100 SPECIAL VEHICLE MOUNT THERMAL FOGGING MACHINE

SSE SAI SHREE[®] ENTERPRISES

Can be fitted on any model of 2 Wheeler, 3Wheeler or E-Rickshaw

TECHNICAL SPECIFICATIONS

Model	SSE 1100 Special Vehicle Mount Thermal Fogging Machine
Type of Machine	Vehicle Mount Thermal Fogging Machine
Working Environment	Temperature between 10 Degree 50 Degree Celsius
Volume Spray	0-80 ltr/Hr
Operation Mode	Operation Via Remote for easy operation
Chemical Tank Capacity	50 ltr Diesel Tank
Fuel Tank Capacity	5 ltr Petrol
Dry Weight	35 Kg including remote
Operation Mode	Self-Start from remote for easy operation. Shut down can be done from remote and manually by machine too.
Tank	1
Spraying Options	Diesel
Battery	12V Rechargeable Dry Vehicle Battery of vehicle is used
Safety	Co2 Cylinder For Safety
Model Fittings	Can be fitted on any model of 2 wheeler, 3 wheeler or E-Rickshaw

1 Year Warranty against manufacturing defects only

HANDY FOGGING MACHINE

TECHNICAL SPECIFICATIONS

Model	SSE 450 Handy Fogging Machine
Type of Machine	Handy Fogging Machine
Chemical Tank Capacity	2.5 ltr Diesel Tank
Fuel Tank Capacity	LPG Gas Cylinder (225 gram)
Dry Weight	2 kgs
Operation Mode	Manual and Pumping
Battery	Not Applicable
Test Reports	Test report of Chokse Laboratories
Cleaning	Compulsory Cleaning of Coil after every use.

1 year Warranty against manufacturing defects only excluding coil

COLD FOGGING MACHINE

ULV COLD FOGGER

FEATURES

- Generates Invisible droplets of particles Size (0.1 to 25 Micron)
- Area Coverage 10.000 Cubic Fits.
- Durable, corrosion proof made of heavy duty 30% glass filled nylon.
- Control Volume 0.1 to 25 Microns
- Double Stage AC motor
- Timer

TECHNICAL SPECIFICATION

- Body made of corrosion Proof Heavy Duty Glass Filled Nylon 66
- Generate fine drops (0.1 to 25 Micron)
- Fogging Control to control fog
- Suitable For 10.000 cubic fits
- Tank Capacity 7 Litres
- 1250 w Motor, 230V, 50HZ, 28000 rpm
- Single phase A/c motor.

BENEFITS

- (0.1 to 25 Micron) Particles suspended in the air.
- Suitable for 10.000 Cubic Fits.
- All types of water bare chemicals.
- Control the fogging (0.1 to 25 Micron) 28000 rpm.
- Large oppression time.
- Fogging time controller (as per your Chemical Solution).

AREA OF APPLICATION

- Hospital, Nursing Homes, Clinics,
- Hotel,
- Clean Room,
- Pharmaterials Protech Industries,
- Food Processing,
- Animal Farming

* Available in Different Models and can be customized.

NET HOUSE

ABOUT PRODUCTIVE CULTIVATION

In the present day the open farming is suffering a lot due to unpredictable weather and climatic conditions. In conventional agriculture practices, the crop is grown in open area under natural conditions and are vulnerable to uncontrolled changes in climate like temperature, rainfall, humidity, etc which affects the quality and yield of crop may decline. It is the need of hour to shift towards the method of control farming which yields better results due to controlled environmental conditions. Polyhouse/Net house farming is an alternative new technique of agriculture in India. It reduces dependency on rainfall and makes the optimum use of land and water resources. Polyhouses/Net houses are structures utilized as protective cultivation to make the plants grow well in unfavorable climate.

OUR JOURNEY

2022

Ready with the most unique product in the market with great performance & supporting specially abled peoples
SSE 350 Special Vehicle Mount Thermal Fogging Machine.

2021

In 2019 we got inspiration from Made in India manufacture machines in India .
By 2019 we were able to manufacturer & procure 90% of the parts in india itself.

2014

We started focusing on the problem areas and started dedicated services team and buit inventory for spares.

2020

We saw a huge demand for Fogging machines due to Covid -19. We provided our services to government with supply of Machines and equipments.

2011

Our founder get enlightened by the idea of an optimized fogging machine and started Sai Shree enterprises in 11/11/2011

IMPORTANT INFORMATION

At Sai Shree Enterprises, we are dedicated to continuously improving our products through ongoing research and development processes. As a result, we may modify or enhance any of our products or components as we see fit. It's essential to note that any changes made to specifications and technical details may occur without prior notice. It's important to note that the specifications mentioned in this brochure may differ from the final product, as our products can be customized as per your specific requirements and feasibility. We appreciate your interest in our products and hope to exceed your expectations with our exceptional offerings.
